Any change of machine after the entry closing date **must be in the same capacity class or higher** and, if a **rigid** was accepted, it must remain a rigid. For a machine change a Change of Machine Form must be requested from the Secretary and new pictures must be submitted before any change can be considered.

No machine changes will be accepted after Monday 6 April 2026.

1.3 APPLICABLE REGULATIONS

The Trial will be run under the Sporting Code and Standing Regulations of the ACU and the SACU along with these Supplementary Regulations and any final instructions that may be issued.

1.9 TRIAL HEADQUARTERS

The official Trial Headquarters in will be at the Kinlochleven Community Centre. Riders must make their own arrangements for accommodation.

1.10 SUPPLEMENTARY REGULATIONS

Riders should read these regulations carefully and, if uncertain about any point, should apply to the Secretary of the Meeting (sec@pre65scottish.co.uk) for clarification. Ignorance of these Supplementary Regulations will not, under any circumstances, be accepted as an excuse for any breach thereof.

2 LIABILITY

2.1 INSURANCE

Riders must have their own insurance policy that covers them, as a minimum, for Third Party road risks whilst competing in the trial. They should verify that their policy covers taking part in competitions and, if their policy does not, an additional Third Party Supplement cover (Supplementary Road Traffic Act Insurance) must be obtained. This Supplementary Road Traffic Act Insurance is available via the organisers for the Third Party Cover necessary to **SUPPLEMENT YOUR OWN INSURANCE** to meet the Road Traffic Act requirements on the Road Sections of the event. Requirement details for obtaining the Supplementary Insurance are shown in Appendix 1.

2.2 DAMAGE TO MACHINES

The Club shall not be responsible for any damage that may be done to the machines or their appurtenances during the trial (TSR 33).

2.3 LEGAL PROCEEDINGS

Riders shall be responsible for all civil and criminal proceedings and penalties whatsoever. Riders, by entering, bind themselves to indemnify the Club against all expenses and / or costs of any action for damages, real or alleged, sustained by them in consequence of any act or omission on the part of the Club, with respect to these regulations, or any matters arising from these regulations, and also bind themselves to accept the decision of the Club as final.

3 ROUTE

3.1 ROUTE MARKING

The route will be marked with arrows, direction cards and orange flags over its entire length and will use some Public Highways along with unsurfaced roads, paths and rough moorland country. The route will not exceed 30 miles each day and there will be up to 30 observed sections per day. The Committee will not accept responsibility for any rider going off course. If a rider accidentally leaves the course, he may rejoin it at the point of deviation without travelling in the reverse direction of any unobserved part of the course.

3.2 PASS CHECKS

Pass checks may be included in the route to ensure that riders do not deviate from the prescribed route.

3.3 START/FINISH AREAS

The Start/Finish area will be located in the Alcan Car Park on both Friday and Saturday.

3.4 START

The Trial will start each day at 9am with riders leaving singly at one (1) minute intervals. Each riders' start times for both days along with their riding number will be indicated on their Entry Acceptance. Riders may check their official start and finish times when signing-on.

3.4.1 Running Order

Day 1 (Friday) 1 – 200

Day 2 (Saturday) 101 – 200 – 1 – 100

3.6 PENALTIES

3.6.1 Route

The penalty for travelling in the reverse direction of the route is disqualification. Sections must be ridden in the order specified on the rider's Route Card.

3.6.2 Sites of Specific Scientific Interest

Areas of the route cover several Sites of Specific Scientific Interest (SSSIs). To protect the local environment riders must not engage in any behaviour that may cause damage. Any deviation from the prescribed route may lead to disqualification.

3.7 PRACTISING

Any rider found practising on any part of the course which lies on private ground will be disqualified from the trial. This regulation has been inserted because of complaints from landowners regarding riders practising on the hills on private ground before the trial. To retain the goodwill of the landowners and to avoid jeopardising the future of the trial, riders are earnestly requested to refrain from this form of practising (TSR26).

3.8 ASSISTANCE

No competitor shall be accompanied by any person or machine for the purpose of assisting a competitor, or in the repair or maintenance of a competitor's machine. Any unauthorised rider found to be on the route will be stopped by officials. Any competitor who has, to the satisfaction of the Clerk of the Course, been accompanied by an unauthorised rider during the trial will be deemed to have been receiving assistance and will be liable for disqualification.

3.9 LITTER

PLEASE do not drop litter.

3.10 CARE

This event is routed along and across public rights of way. Riders must exercise caution and reduce their speed accordingly near other path users. Be especially careful near horses. Slow down, stop and switch your engine off if necessary.

3.11 TRAFFIC REGULATIONS

3.11.1 Monitoring

The route will be monitored each day by police and/or trial officials. Any rider not obeying speed restrictions or normal traffic regulations will be automatically disqualified.

3.11.2 Road Traffic Offences

Any rider stopped by the Police, reported to the Secretary's Office, cautioned or charged with a road traffic offence will be immediately disqualified from the trial. Riders, by entering the trial, authorise the Clerk of the Course to make such enquiries as may be deemed necessary.

3.11.3 Excessive Speed

The Clerk of the Course deprecates excessive speed by riders at any time during the trial. Due time allowance has been made for speed limits through built up areas.

3.11.4 Starting

In the interests of safety and also to prevent undue speeding on the route, any rider who does not leave the Start Area or its immediate surroundings within thirty (30) minutes of his due starting time will not be allowed to start and will be automatically retired from the trial. Any rider who ignores this rule will be automatically disqualified from the trial by the Clerk of the Course.

3.12 ROUTE CHANGES

The Club reserves the right, without prior notification, to amend, alter or cancel any part of the route that may be deemed necessary. In the event of the route, or part thereof, being amended or cancelled, the running time may also be amended accordingly. Event or daily instructions may be displayed at the Start Area in the morning. It is the responsibility of the riders to familiarise themselves with any special instructions.

4 MARKING

4.1 SYSTEM OF MARKING

A bona fide attempt must be made to ride all sections. Competitors will be monitored throughout the course of the event and anyone not making a bona fide attempt in the sections may be excluded from the trial at the discretion of the Clerk of the Course.

Marks can be lost under the headings noted below:-

- Observation
- Time

The following system of marking will be employed in each observed section:-

- For touching the ground once with any part of the body, 1 mark.
- For touching the ground twice with any part of the body, 2 marks.
- For touching the ground more than twice with any part of the body, 3 marks.
- For stop or failure, 5 marks.

Any competitor re-entering a section for the purpose of the assistance of another competitor may incur a penalty of 5 marks for the competitor he/she is assisting and may face disqualification. TSR17 rule in ACU handbook refers to this.

Any competitor who has been deemed to be altering any part of the section for their, or anyone else's, benefit will incur a penalty of 5 marks.

IF ANY COMPETITOR IS ASKED FOR THEIR ROUTE CARD BY AN OFFICIAL THEY MUST PRODUCE IT.

Failure to do so will result in them being reported to the Clerk of the Course.

4.2 STOP, OR FAILURE

A stop, or failure, is considered to have occurred if:-

- The machine ceases to move in a forward direction relative to the course. Balance, rolling backwards or moving sideways, whether the competitor's feet are still on the footrests or not, will be considered a stop.
- The competitor dismounts from the machine.
- The machine passes the wrong side of, runs over or displaces a section marker, with either wheel, before the front spindle passes the 'Section Ends' cards.
- The machine or competitor receives outside assistance.
- Anyone who has been deemed to be altering any part of the section for their or anyone else's benefit.

4.3 NO-STOP TRIAL

This is a 'No Stop' trial. A clean ascent means ascending the hill without extraneous aid, such as dabbing or footing. Dismounting or circling on any Section of an observed hill will constitute a failure.

4.4 BAULKES

Competitors must make a bona fide attempt to avoid baulking or being baulked. In the event of a competitor being baulked they may take one of the following courses of action:-

Once the section has been cleared he may restart from the point of the baulk and complete the section.

He may make another complete attempt at the sub-section in which he was baulked.

Any marks lost in the first attempt up to the point of baulking will be debited to the rider. Competitors who claim that they have been baulked must be prepared to assist the Clerk of the Course to adjudicate on their claim. This can best be done by taking the number of the competitor who has baulked them, then claim the baulk from the observer on the hill.

In the event of any section becoming unrideable or impossible to negotiate, the Clerk of the Course reserves the right to exclude that section.
